Denise Schwartz, PT, IMT, C
Founder and Owner

(IMT) for over 15 years, Denise believes in a whole body approach to

discover the source of persistent pain and slow healing.

A sensitive practitioner, Denise becomes a partner in patient care to return you to healthy functioning at the right pace.

Running

It demands a lot from the body. Both competitive and recreational runners all experience setbacks over time. The Manual Touch minimizes time away from the sport you love and gets you back on the road with a customized plan to achieve your goals. A runner herself, Denise has helped people of all ages and all abilities continue to enjoy the sport of running.
