

Dear Denise

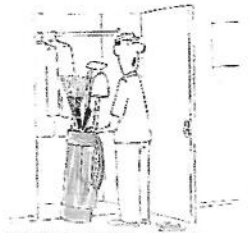

"Don't give me that 'encouraging biodiversity' rubbish- get that mower out!"

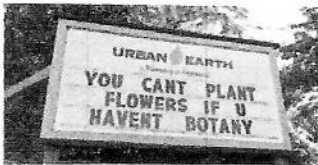

"I want to thank you for all the Business you've brought us."

Take that smile off your face I'm just taking them out for you.

"All right, Edna, where are my golf clubs?"

"I want to thank you for all the Business you've brought us."

"I've found a spade I like, Julia..."

I dig you.

You make me feel 'hole'!

How well is your garden growing?
Only thyme will tell.

Gardeners don't grow old
They just go to pot

God made rainy days, so gardeners could get the housework done.

The real meaning of plant catalog terminology:

"A favorite of birds" means to avoid planting near cars, sidewalks, or clotheslines.

"The philosopher who said that work well done never needs doing over never weeded a garden."

Autumn follows summer, winter follows autumn, drought follows planting.

Maybe I should have measured My garden before going to the garden center

"And that's just the tip of the iceberg."

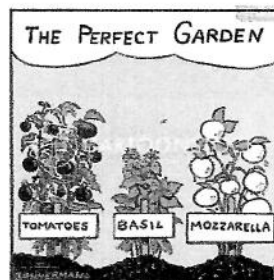

"Someone's stolen the grass from my garden" said the man looking forlorn.

My gardener talked to me about edible herbs I can grow
It was sage advice.

YOU FORGOT TO RECORD WHAT YOU PLANTED.

DIDN'T YOU?

Water Melon

"Please tell me you didn't pay for that stuff."
