

Dear Denise

The invention that truly swept the nation

Who invented the Round Table?...
Sir Cumference.

The invention of gunpowder
Was explosive

To the guy who invented zero
Thanks for nothing pal.

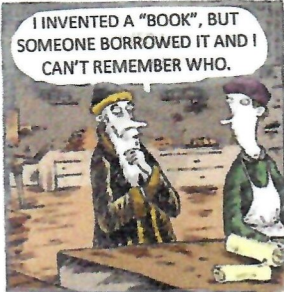

Who invented algebra?...
A Clever X-pert.

What did the guy exclaim after inventing the shovel?
This is ground breaking!

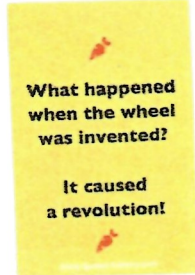

Dad Jokes
@Dadsaysjokes

Did you know that before crowbars
were invented...

Crows mostly drank alone.

EARLY SETBACK FOR GUTENBERG

Why did the inventor get struck by lightning? He was brain-storming!

I like to imagine that the guy who invented the umbrella was going to call it the brella.
But he hesitated.

I invented an item that helps you stop smoking, drinking, and gambling.
It is quite the de-vice.

I imagine the guy who invented velcro shoes thought to himself
'Why knot?'

I can understand why the invention of the wheel is looked upon as one of the most important
achievements of mankind. It was a very pivotal moment

Of all the inventions of the last 100 years, the dry erase board has to be the most remarkable.

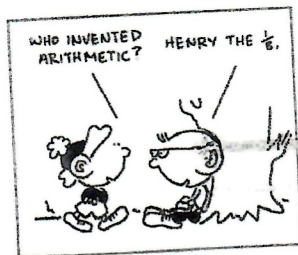

I met the man who invented the part of a map that explains what each symbol means.
What a legend!

A book never written: "Making New Things" by N. Ventor.

The inventor of the ballet skirt was struggling for a name for his invention.
Finally he put tu and tu together.

Sir John Harrington, the inventor of the flush toilet, is well remembered for two reasons.
Number 1 and Number 2

A book never written: "Old Inventions" by Pat N. Pending.

Logan: What do they call the guy who invented denim pants?
Luke: I don't know.
Logan: A "jean-ius."

Did you know that the invention of stairs...
Brought the world to a whole new level.

♥ Jean + Larry
