Arthritis/stenosis

- Stiffness/loss of mobility
- Numbness/tingling/weakness in arm - often both arms
- Pain in neck or arm
- Crunchy sounds
- Difficulty doing shoulder checks in the car

Herniated Disc

- Numbness/tingling/weakness in arm - usually 1 side
- Head, neck, arm pain
- Loss of mobility
- Loss/decrease of reflexes
- Decreased light touch sensation of arm
- Certain head positions reproduce arm symptoms

Skeletal

- "I slept funny"
- Elevated 1st rib
- Cervical vertebra rotation
- Decreased upper thoracic or whole thoracic mobility
- Jaw/TMJ/ear pain
- headaches/migraines
- Vertigo: cervicogenic

Soft tissue issues

- Postural weakness - core weakness: typical comment “pain at end of the day”
- Whiplash - front neck muscle strain
- Respiration using accessory muscles
- Neck or arm pain
- Upper back pain
- Base of skull pain - vision

Will Therapy Help?

- First Determine: Is the pain **REPRODUCIBLE?**
 - If so, then it is likely **REDUCIBLE.**

THE MANUAL TOUCH PHYSICAL THERAPY | WHEELING, IL | (847) 541-7600 | INFO@THEMANUALTOUCH.COM

Three years ago, I fell and broke my right arm and hip, followed by months of physical therapy. I still have "issues" with my neck, back, hip and knee....which Denise has explained are all related. She is a "new set of eyes" on an old problem, and has helped me immensely. I have learned new exercises for my neck, back and hip which have made a difference in my pain and mobility.

I'm a pediatric physical therapist and I was taking a yoga teacher training. My left shoulder and neck were getting progressively tighter and eventually pain was keeping me up at night. I knew I wanted treatment from a very knowledgeable PT with good manual skills and someone who excelled at evaluating postural and functional issues. Denise is that person and she corrected my biomechanics with exercises and manual therapy. There are only a few PT's that possess skills like Denise. I'm happy to report that I am pain free and sleeping through the night, pain free during yoga.

I had constant neck pain from a car accident 2 years ago. At my first appointment I could tell that Denise was able to get right to the point of my problems. After numerous therapy sessions I felt such a relief of my constant pain. It is better now, I can sleep better and use less pain medication. My goal is to avoid surgery and I feel hopeful that will be possible.

I came in to see Denise due to a cervical disc herniation. I had 6 weeks of PT at another location but still was unable to turn my head fully or work at a desk without terrible pain. After seeing Denise and following her exercise program, I was almost back to normal within a few short months. I was so pleased that my son now sees her for his lower back post-op therapy.

THE MANUAL TOUCH PHYSICAL THERAPY | WHEELING, IL | (847) 541-7600 | INFO@THEMANUALTOUCH.COM

Physical Therapy

1. **Hands-on** therapy
2. **Strengthening and Neuromuscular** exercises
3. **Postural and Body Mechanics** education

Tips

- Side sleep or on back using a pillow that will allow your neck to remain in neutral position
- Do not stretch neck by moving head instead move your body
 - Sitting/standing - arms across chest - rotate slowly right/left
 - Sitting/standing - arms across chest - sidebend right/left
- Use ice or heat
- Core strengthening!!!!
