

Dear Denise

Why was the robot couple's anniversary in the fall? They were autumn mated.

Q: What is a scarecrow's favorite fruit?
A: Straw-berries

Why do trees hate going back to school in the fall?
Because they're easily stumped!

Why did the lions move at the end of summer?
Because the pride goeth before the fall!

Q: What do you call a dude who really likes autumn?
A: A fall guy!

Why did the tree worry that he would never get his leaves back after autumn?
He didn't be-leaf in himself!

Q: How are you supposed to talk in the apple library?
A: With your incider voice.

Why are trees very forgiving? Because in the Fall they "Let It Go" and in the Spring they "turn over a new leaf".

Life is gourd.

What type of vehicle should you use for a fall hayride?
An autumn-mobile!

Did you hear about the tree that deserted the forest at the end of fall?
He was absent without leaves!

I would tell you my autumn joke but you probably wouldn't fall for it

What will fall on the lawn first? An autumn leaf or a Christmas catalogue?
Do you have anything to fall back on?

Summer is better than autumn? That's a fallacy.

Why are trees so carefree and easygoing?
Because every fall, they let loose.

I love pumpkin spice a latte.

What's the problem eating too much pumpkin pie this time of year?
You'll get autumn'y ache.
