

Dear Denise

Does anyone know a good place where I can buy a fern?
Asking for a frond.

"I can tell it's new because it's alive."

How do ferns make themselves heard?
With amp-leaf-ication.

So, a fern recently got released from custody due to tampering with the crime scene.
Turns out that the evidence was planted.

"HONEY, HAVE YOU WATERED THE FERN LATELY?"

How do ferns keep in touch regularly when they are so far apart? With cell-ferns!

I fernly beleaf my tree puns are qualitree, you can leaf me alone if you disagree.

I asked my southern therapist for help with my depression, but he just talked to me about plants.
Something about having fern in my life.

Q: How do you call for help when lost in the wilderness?
A: By using a mobile fern.

Why did the fern go to the doctor?
It was feeling green.

There was once a girl that only ate ferns.
You've probably never heard of herbivore.

I was worried that the ferns were fake, but they weren't.
That's a real leaf!

What did the fern decide to study in college?
STEM.

Where do ferns go to relax? The for-rest!

Why do ferns go to therapy?
To get to the root of their problems!

How do ferns contact each other?
They use the te-leaf-one.

Ferns are plant-tastic.

I love plant puns...
They're so ferny.
